

Monroe County Barn Quilt Trail Application Form

The Monroe County Barn Quilt Trail is organized by a committee to set standards for the barn quilts, the type/age of buildings that can display them, and to collect documentation about the buildings and the quilt patterns selected by the owners.

The benefits of our program to Monroe County are three-fold:

- Preservation and recognition of Barns and other Historical Buildings over 50 years old.
 - Honor the Agricultural roots of Monroe County
- Economic boost from tourism for small businesses and farm operations along the trail.

The Trail will be built in two stages. Stage 1 will consist of 20 properties by end of 2013. Stage II will consist of 30 additional properties for a total of 50 by 2016, the 200th Anniversary of Monroe County.

We appreciate your interest and passing the word along to other owners of properties that would be a good fit for this project.
